

(b) Financial and economic ability of the importing country to adequately service CCC guaranteed debt;

(c) Financial status of participating banks in the importing country as it would affect their ability to adequately service CCC guaranteed debt;

(d) Political stability of the importing country as it would affect its ability to adequately service CCC guaranteed debt; and

(e) Current status of debt either owed by the importing country to CCC or to lenders protected by CCC's guarantees.

§ 1493.5 Criteria for agricultural commodity allocations.

The criteria considered by CCC in reviewing proposals for specific U.S. commodity allocations within a specific country allocation will include, but not be limited to, the following:

(a) Potential benefits that the extension of export credit guarantees would provide for the development, expansion or maintenance of the market in the importing country for the particular U.S. agricultural commodity under consideration;

(b) The best use to be made of the export credit guarantees in assisting the importing country in meeting its particular needs for food and fiber, as may be determined through consultations with private buyers and/or representatives of the government of the importing country;

(c) Evaluation, in terms of program purposes, of the relative benefits of providing payment guarantee coverage for sales of the U.S. agricultural commodity under consideration compared to providing coverage for sales of other U.S. agricultural commodities; and

(d) Evaluation of the near and long term potential for sales on a cash basis of the U.S. commodity under consideration.

§ 1493.6 Additional required determinations for GSM-103.

Notwithstanding any other provision under this part, CCC shall not guarantee under the GSM-103 program the repayment of credit made available to finance an export sale unless the Secretary of Agriculture determines that such sale will:

(a) Develop, expand or maintain the importing country as a foreign market, on a long-term basis, for the commercial sale and export of U.S. agricultural commodities, without displacing normal commercial sales;

(b) Improve the capability of the importing country to purchase or use, on a long-term basis, U.S. agricultural commodities; or

(c) Otherwise promote the export of U.S. agricultural commodities.

Subpart B—CCC Export Credit Guarantee Program (GSM-102) and CCC Intermediate Export Credit Guarantee Program (GSM-103) Operations

§ 1493.10 General statement.

(a) *Overview.* (1) This subpart contains the regulations governing the operations of the Export Credit Guarantee Program (GSM-102) and the Intermediate Credit Guarantee Program (GSM-103). The GSM-102 and GSM-103 programs of the Commodity Credit Corporation (CCC) were developed to expand U.S. agricultural exports by making available export credit guarantees to encourage U.S. private sector financing of foreign purchases of U.S. agricultural commodities on credit terms. Under GSM-102, credit guarantees are issued for terms of up to three years. Under GSM-103, credit guarantees are issued for terms of from three to ten years.

(2) The programs operate in cases where credit is necessary to increase or maintain U.S. exports to a foreign market and where private U.S. financial institutions would be unwilling to provide financing without CCC's guarantee. The programs are operated in a manner intended not to interfere with markets for cash sales. The programs are targeted toward those countries where the guarantees are necessary to secure financing of the exports but which have sufficient financial strength so that foreign exchange will be available for scheduled payments. In providing this credit guarantee facility, CCC seeks to expand market opportunities for U.S. agricultural exporters
